VOCABULARY STRATEGIES

| | Day 1 | Day 2 |
|--------------------|----------------------|----------------------|
| * Place: | <input type="text"/> | <input type="text"/> |
| * Opening hours: | <input type="text"/> | <input type="text"/> |
| * Transportation: | <input type="text"/> | <input type="text"/> |
| * Visitors can | <input type="text"/> | <input type="text"/> |

| * Visitors have to | <input type="text"/> | <input type="text"/> |
| * Visitors mustn't | <input type="text"/> | <input type="text"/> |

5. Talk about your trip plans.

I want to visit Mexico City.

What attractions do you want to visit there?

1. Look at the pictures. What place is the text probably about?

a) a museum

b) a place to swim

c) a national park

2. Read the text and underline the attractions.

I'm so excited! We must get up very early tomorrow morning. Mom and Dad have to pack the food, and we have to find our bathing suits, towels, and sunscreen. As I write this, Dad is shouting, "You have to take hats and sandals too!"

The park opens at 10:00 a.m. and closes at 4:00 p.m. There are swimming pools and waterslides with large green grassy areas. I think there are also some playgrounds for the children. There are two big pools for adults and a new small pool for children. It's an amazing park!

I'm very excited because there is another part of the park. In that other part, there is a natural pool that is an incredible blue color. The water comes from two natural waterfalls and fills the pool. There are rocks around the pool, and the best way to get in is to jump from the rocks. This beautiful place is in Morelos, Mexico, and

legends say it was a winter vacation place for Aztec Kings like Moctezuma.

To have a good time, you have to arrive early to get a good parking space and an ideal place to cook. It's very busy on Saturday and Sunday, so it's preferable to go during the week if possible. You can't take your pets and you can't take any glass bottles or containers into the park. You can buy food there if you don't want to take your own. You have to clean up when you finish, and you mustn't leave any trash behind.

I'm really happy about this trip. I can't wait!

3. Read again. Then check (✓) the sentences that are true.

- a) You can't go in at 7:00 AM.
- b) You mustn't swim in the natural pool.
- c) You can cook your food.
- d) You can't buy food there.
- e) You have to bring glass bottles.

4. Answer the questions.

- a) What constructed attractions does the writer mention? _____

- b) What natural attractions does the writer mention? _____

- c) How can you get there? _____

- d) What are the opening hours? _____

- e) What would you like to do there? _____

5. Write three places in or near your town that tourists like to visit.

A lot of tourists like to visit La Perla beach.

Yes! And then they go to eat at La Palma restaurant.

Elephant Nature Park is a special place in the north of Thailand. Here you can visit elephants, but you can't ride them, and you can't see them do tricks. A woman called Lek Chailert started this park so elephants can live happily and with dignity.

There are some tourist parks in Thailand and other places around the world that are not friendly with animals. At these parks, elephants must do tricks. They have to wear chains. Elephants have to work long hours in bad conditions at some places. People mustn't visit parks where they treat animals badly.

Instead, people can go to places like Elephant Nature Park and see elephants living near natural pools and rivers. They are free, and they are safe. Visitors can watch the elephants. They can cut fruit and vegetables, and they can help feed the elephants. People can visit for the day, or they can stay overnight. People donate money and time to help the sanctuary. A lot of local families work at Elephant Nature Park.
